Someone Stole Her Future Away . . .

It began with an abduction and ended with generic experiments, leaving teenager Emily Heart with abilities she can't control. Now she's lost everything: her family, her friends and her humanity, forcing her to live on the brutal streets around Glassford Park.

But staying alive in the shadows won't be easy, not when a ruthless gang wants to kill her, a determined reporter wants to expose her, and angry cops want to arrest her. However, her problems don't end there. Any uncontrolled burst of emotion can send Emily randomly jumping across time and space, arriving naked and afraid.

Despite being hunted around every corner, Emily vows to keep fighting until she finds those who did this to her and make them pay for what they've done.

Emily doesn't quite know what she is, or what she's capable of, but she knows what she can't afford to do -- feel anything. And she can't afford to make any mistakes.

Get prepared for what readers are calling "a thrilling, non-stop ride that you won't be able to put down."

Interview with the Author

Q - So, what makes The Emily Heart Time Jumper Series special?

A - It's a mix of things, really. When I set out to write these books, I wanted to create something that

mirrored exactly the kind of books I like to read: something unexpected, a little shocking and definitely heart pounding. Time traveler stories have been done to death and so have genetic engineering sagas. But rarely have they been mixed together with a homeless teenage girl whose emotions can send her jumping randomly across time and space. Emily can't have friends, can't get involved or fall in love, and can't let her emotions get the best of her.

The Emily Heart Time Jumper Series of books are a great mix of several genres: time travel, romance, paranormal, young adult, and urban, with a few kick-you-in-the-teeth surprises that few readers see coming!

Overall, The Emily Heart Time Jumper Series is designed to keep you turning the pages - and I've made sure there's never a dull moment. Judging by the reviews, I think I've accomplished my goals.

Q - What order should I read the books in?

A - I've written the series in several parts, each one as a standalone episode or as some call it, short fiction. But you do want to read them in order starting with Part 1. Three parts are available now, with the final installment, Part 4, to be released in 2016.

Q - So, why should readers give these books a try?

A - Because The Emily Heart Time Jumper Series is a fast, fun, thrill-ride that takes no prisoners! Ultimately, readers who enjoy lightning-fast pacing with a plot that twists and turns all the way to the end will get one heck of a ride out of this very unique series.
