Do you know that you need to grow a carrot differently from a tomato? Do you know that lettuce needs a different type of energy to grow than beans? Do you know how to measure the nourishment levels in the food you grow in your gardens, as well as the food you purchase in the market? Do you know how to make plant food mixtures that ideally nourish the plant? Do you know the relationship between soil and sickness? Nourishment Home Grown shows you how and explains why.

- Nourishment Home Grown is for those who are serious about having top quality food available.
- Nourishment Home Grown is the only book of its kind. It is positively not an ordinary garden book. It reveals how ideal health can only be promoted by foods that are intentionally grown and nourished by using the electromagnetic soil secrets discovered over sixty years ago by Dr. Carey Reams.
- Nourishment Home Grown is a how-to book. It tells how to understand and work with the little known secrets that ensure you are growing the absolute best food possible for life and health.
- Nourishment Home Grown reveals to you the whys behind some of your most puzzling questions about gardening and farming. It will even answer questions you didn't know how to ask.
