**Study Guide for Introduction to Medical-Surgical Nursing, 5e** Adrienne Dill Linton PhD RN FAAN, Nancy K. Maebius PhD RN

Student-friendly and easy to use, the **Study Guide for Introduction to Medical-Surgical Nursing, 5th Edition**, is designed to help you master content and evaluate your progress through practical, useful exercises and activities, including a wealth of multiple-choice and alternate-format questions. This edition places an increased emphasis on higher-level application questions, including exercises to encourage practice in setting priorities, to prepare you to transfer your knowledge of medical-surgical concepts to patient care in the clinical setting.

- **Helps you hone critical thinking skills** essential for success on licensure exams and in clinical practice.
- **Reinforces textbook content and provides ample opportunity for self-assessment** with a wide variety of learning activities, including matching (key term and vocabulary review), completion, listing, labeling (illustrations), ranking/ordering, and application questions for textbook nursing care plans.
- **Includes textbook page references**, making self-assessment easier and faster.
- Emphasizes application of nursing concepts with **new knowledge and comprehension exercises and activities** that ask you to apply your knowledge to patient care situations.
- Features a new section at the end of each chapter: **Challenge Yourself! Getting Ready for the NCLEX** includes both standard multiple-choice and alternate-format questions (over 1,800) that test your knowledge of chapter content while providing practice for the Boards.
- Provides **valuable practice in prioritizing** (deciding what to do first) **and assignment** (giving specific tasks to health care providers who may be supervised by LPNs) -- skills that are essential for providing effective nursing care and are covered on the NCLEX-PN Examination.
- Links you to **online Evolve resources**, where you'll find an additional set of review questions, encouraging utilization of and familiarity with an electronic format.

It alright you can have the e-book, having everywhere you want in your Mobile phone. Like Study Guide for Introduction to Medical-Surgical Nursing, 5e which is having the e-book version. So , why not try out this book? Let's see.

**Carolyn Berndt:**

As a pupil exactly feel bored to help reading. If their teacher expected them to go to the library or make summary for some guide, they are complained. Just tiny students that has reading's soul or real their passion. They just do what the trainer want, like asked to the library. They go to at this time there but nothing reading very seriously. Any students feel that studying is not important, boring as well as can't see colorful photographs on there. Yeah, it is being complicated. Book is very important in your case. As we know that on this age, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. So , this Study Guide for Introduction to Medical-Surgical Nursing, 5e can make you experience more interested to read.
