## **Eyes of a Monster** Jacqueline S Homan

Eyes of a Monster is the true story of a grisly murder that had shaken southeastern Pennsylvania's Bristol Township to its core on December 15th, 1987. Twenty-six year old Anthony Milano of Levittown was brutally slashed to death because he was suspected of being gay. Two men, Richard Laird and Frank Chester, were arrested and convicted and sentenced to death for his murder five months later. Richard Laird won a new trial after sitting on death row for nineteen years. Eyes of a Monster explores what happens when the justice system goes wrong, when classism pollutes jurisprudence, where that leaves all parties involved, and how families are torn apart as a result.
