Revolutionary new discoveries reveal the actual location where (according to coded information embedded in the poet's church) the great Bard himself has left physical evidence that promises to finally end the persistent controversy concerning his identity. What is hidden at Stratford could well be the greatest story Shakespeare ever wrote! Unlike anything you've ever read about him, 'Dee-Coding Shakespeare' is an exquisite cryptographic maze and includes over 20 gorgeous, full-page photographs of Holy Trinity Church, Stratford. The reader is taken on a breath-taking journey of discovery and invited to be part of history by solving the mystery themselves. Forty puzzles take just a couple of minutes each to work out and result in a stunning conclusion that will shake the halls of academia and bring new life to our appreciation of the most enduring literary genius the world has ever known. The Bard will never be the same... to-morrow, and to-morrow, and to-morrow.
