Imagine you're an NFL player standing in the tunnel before the start of the first game of the season. You're filled with excitement, eager to storm onto the field, hear the roaring crowd and get in the game. You're confident because you're prepared. You know it's the precise execution of a solid game plan that produces winning results. The horn sounds and you rush out in front of 70,000 screaming fans. That's probably the ultimate football fan fantasy — being part of the game. While playing professional football isn't an option for most of us, we can still get in on the action. This Get In and Win Pro Football Quick Start Guide will show you how to make accurate score predictions so you can get in the game too. And should you choose to use this information to place a sports bet, this full-color guide combined with the book *Changing the Game: How to Profit from Your Passion for Sports* will show you how to bet smart using proven Wall Street strategies. Intelligent betting is different from placing a casual bet on your favorite team; instead it's wagering in a sensible, systematic manner, which means approaching sports betting in the same professional way that the best pro players and coaches prepare for their games. In this guide, the author, a Wall Street veteran and lifelong sports fan, teaches you how to compile Score Sheets and Value Ratings — both of which are original strategies (based on proven investment practices) that reveal the winning pro football information that's hidden in plain sight. After reading and applying the Get In and Win methods, you will begin to see the NFL through the eyes of the league's top players, coaches and general managers. Armed with the innovative and insightful Get In and Win perspective, you too can confidently step out of the tunnel and onto the field.
