Candice Cooper, aka Candi, has loved the Dean brothers for years, since they were all gangly teenagers, tripping down the winding path to adulthood. When her father died, she said goodbye to her father's farm and the Dean brothers and left. But even though she'd driven her rusty Oldsmobile out of town on that sad day so long ago, she'd left her heart behind. For years her memories and fantasies about Justin and Cody have haunted her. Every relationship she's tried has failed. Now four years later, Candi returns to the home she once shared with her father and the two men who she can't stop thinking about. She needs to either surrender to the desire burning in her soul or put them both out of her life and her heart forever.

But the brothers have other ideas.

Although their souls have withered since the day Candi left town, now that she's back, they're both fighting to overcome a fierce, desperate need for her. Fighting, and losing. They both love her. They both need her. And, if they can finally defeat the demons from their past, they'll have her, and this time, they won't let her go. Available exclusively on Amazon Kindle Books.
