## The Dao of Zhuangzi: The Harmony of Nature

The fifth book in the tremendously successful "Zen Speaks" series of cartoon-illustrated adaptations of Chinese thought and philosophy by world-renowned author Tsai Chih Chung (100,000 copies in print), *The Dao of Zhuangzi* explores core portions of the Zhuangzi, one of the great Daoist texts. Together with the writings of Laozi, the Zhuangzi had an immense impact on Chinese culture that matched that of Confucianism. Over the centuries, this classical Daoism has influenced millions of readers and students of philosophy and literature throughout the world.

Tsai Chih Chung first tackled portions of the Zhuangzi in his first book published in the U.S., *Zhuangzi Speaks*, which sold 20,000 copies for Princeton--an astonishing number for a university press--and was the book that brought C.C. Tsai to the attention of American readers. In *The Dao of Zhangzi*, Tsai Chih Chung brings humorously to life new portions of the Dao--and extends the reach of his early efforts in profound and entertaining ways.

As with the previous works, the book will include an introduction by a scholar that will help to place Daoism and the Zhuangzi in historical and cultural context.
