Synopsis of the Pauline Letters in Greek and English

This handsomely produced Greek-English synopsis of related or parallel passages in the Pauline corpus and the Acts of the Apostles provides an essential tool for studying the New Testament text. Conveniently organized by topic, it is the first conspectus of related passages in Paul's letters both in Paul's original Greek (following the Nestle-Aland Greek text) and in English translation (using the NRSV) on facing pages. It is also the first synopsis that includes all thirteen epistles attributed to Paul as well as relevant passages from the portrayal of Paul's teaching and ministry in the book of Acts.
