The Last Outbreak - AWAKENING - Book 1 (A Post-Apocalyptic Thriller) Jeff Olah

No one knew how or where the end of the world started.

Ethan Runner was hungover, pissed off and once again late for work. He didn't care about anything or anyone, but that was about to change; it had to.

Six days ago there were reports of a mysterious illness. People were actually attacking and devouring one another. The world was told not to worry, that there wasn't a reason to panic, that these were isolated events.

This morning the human race found out that this was a lie.

The infection took hold quickly and destroyed everything in its path. Millions perished every hour. Was this nature's way of thinning the herd, or was this something much more disturbing?

The Last Outbreak follows Ethan Runner, a clinically depressed armored truck driver, as he and a small group of strangers fight through impossible situations to free themselves and one another from this hell.

AWAKENING is the story of their survival.

Hold on... this is only the beginning.
