Sometimes the best things in life come from the unexpected. So if you lower your expectations, then you'll never be disappointed. Sound cheesy? It is, but it's also true. Clichés come from a grain of truth...like a man with a Porsche is compensating for something, or once a cheater always a cheater—you get the idea. Sorry, I digress. I'm supposed to be telling you what this book is about.

I'm Megan Walker, a lawyer at one of the hottest boutique law firms in Atlanta. I'm on the fast track to making partner and have my entire life planned out...or I did.

We all know how that goes, right? Best laid plans and all that.

Life just threw me a couple curveballs, so I've set out to take things into my own hands. By throwing caution to the wind and getting out of my A-type personality bubble, I'm learning more about myself than I have in my twenty-seven years.

Sound like a chick flick, doesn't it?

It's not.
