The difference between love and infatuation is information! Asking the right questions and gaining a true understanding for and appreciation of each other beforehand will reduce the roadblocks and give you a smooth path to wedded bliss!

Asking the difficult questions is sometimes, well...difficult! But, it is critical to share information about your childhood, your goals, your health, your views on family, your finances, etc., in order to gain an understanding of each others' values and mindsets and reduce questions like "what do you mean you don't want 12 kids? I just assumed...".

So, what are the questions most married people wish they'd asked BEFORE the wedding?

This ebook is divided into four sections:

1. Questions to ask yourself to determine your readiness for a relationship.
2. Questions to ask during the initial meeting and dating stages.
3. Questions to ask when the relationship begins to get more serious.
4. Questions to ask yourself and your intended when you are at the point of engagement.

Word of caution: The 150 questions aren't all meant to be asked at once! They aren't all even meant to be asked aloud. Many of the questions are just intended to help you to think about what you are really looking for in a mate so that you will recognize it when it appears.

The ebook has been used for premarital counseling and just for fun. You choose. Enjoy!
