David Neiwert

**Of Orcas and Men: What Killer Whales Can Teach Us** David Neiwert

**A celebrated journalist's eye-opening history of orcas, and an exploration of their relationship with human beings--a must-read for anyone who's ever been moved by these remarkable creatures**

Orcas are one of earth's most intelligent animals. Benign and gentle, with their own languages and cultures, orcas' amazing capacity for long-term memory and, arguably, compassion, makes the ugly story of the captive-orca industry especially damning.

In *Of Orcas and Men*, a marvelously compelling mix of cultural history, environmental reporting, and scientific research, David Neiwert explores how this extraordinary species has come to capture our imaginations?and the catastrophic environmental consequences of that appeal.

In the tradition of Barry Lopez's classic *Of Wolves and Men*, David Neiwert's book is a powerful tribute to one of the animal kingdom's most remarkable members.

30 b&w illustrations throughout
