Red Justice...The 2nd Coming of Tecumseh.

Not just an Indian Prophecy...not just Indiana folklore...but Indiana History. The 2nd Coming of Tecumseh was indeed a prophecy circulating among the tribes that had been united by this Shawnee Protestant Separatist called Tecumseh...whose confederacy of the Lost Tribes was broken by the Masonic Militia under the leadership of William H. Harrison...who declared that this sacred capital of the tribes (Indianapolis) was to be taken for the purpose of 'establishing the true throne of religion upon it'...and that 'true religion' was not, is not, Christianity...and this book reveals what this 'true religion' was that would be built upon the ashes of the Spiritual Capital of the Red Man.

The 2nd Coming of Tecumseh was an actual Halloween event held by the City of Indianapolis in October of 1900...a week- long event actually called the 2nd Coming of Tecumseh...the pagans celebrating their victory over Tecumseh and his people...those who claimed that God had given them this land, this paradise, this sacred Capital...as unreal and fantastic as it seems, the 2nd Coming of Tecumseh was a grand event where the Key to the City was given to a Tecumseh stand in...actually gave the key to their city...access to all the secrets that most of them had no idea of...making the fatal mistake of destroying themselves by making a mockery of a very real contest that never was...a battle where only one leader of one side was present...an injustice unbearable...for the Battle of Tippecanoe was not battle at all...for Tecumseh wasn't even there...where the so called 'Battle' took place...it was an invasion into paradise when it's Master was out of town...and yet the Masonic Roman Empire of Harrison declared victory and went forth with his Jihad to scatter the tribes and take their paradise...not in the name of the God of the Bible...but rather in the name of the God who sits on the throne in Washington...Washington, who was, and is not, yet is...sitting in the temple showing himself that he is God.

Read how this fatal mistake by the State of Indiana...who not only committed crimes against humanity...doing the will of their father, killing, stealing, and destroying...but also making the fatal mistake of making the State into a Goddess...the 'triple goddess'...the 'three daughters of Allah'...and how giving the key to the city to your adversary, dead or alive, is a big mistake as is documented in this book wherein the 'secret foundation' is revealed, it reveals the true design and purpose for the City that would sit atop the sacred Capital of the Indians...and how justice finally returned to Indianapolis with the cleaning of the State Capital of its pagan display of the 9 Commandments...as well as putting an end to the virility of their tiny gods image...but forcing the State to make another fatal mistake that would result in making the graven image that had given them their power impotent and no longer able to provide it's divine providence any longer...and this 'power' and the diminishing to the point of impotency would be transferred to Washington and begin the ending of the Curse of Washington placed upon the Presidents and the guilty party by this Red prophet named Tecumseh...with the book closing with the final chapter which is about the size of a small book in itself, called the State House Star Gate...how the Indiana State Capitol was designed and used for the resurrection of souls...used for the Apotheosis...of how the offspring of the serpent had defeated the red children of the Master of Life...by deception and the sword...and how justice would no longer be denied...and how justice was visiting this North Country...and Justice demands that the witnesses know and understand the true history of this Nation...the truth about this land...as detailed in this 3rd book of Michael.
