The health care system has deteriorated over the years and if we want to get it back on track, we need to take action. In this book, the authors show how health care can be improved and how physicians as well as patients can contribute to achieving high-quality and affordable health care for everyone.

Who should read this book:

- Physicians and others working in the medical sector.
- Anyone who wants to know more about current problems in relation to health care and ways to solve them.
- People who want to contribute to bringing about changes and improving the health care system.

In this summary:

Chapter 1: The future of the medical sector looks bleak

Chapter 2: Teamwork is immensely important for physicians

Chapter 3: Health care still remains unaffordable for many people

Chapter 4: To bring about changes, physicians need to lead the way

Chapter 5: The role of physicians has become more complex

Chapter 6: Administrative tasks need to be reduced to give doctors more time

Chapter 7: Besides skills, good behavior is required as well

Chapter 8: To preserve primary health care, certain measures have to be taken

Chapter 9: Medical care needs to remain personal and become more affordable

Chapter 10: Final Summary
