Holding A Conversation With God

Hundreds of books have been written on the subject of prayer, but there are still very few believers who have a prayer life that is exciting and brings results. That is because not many people have learned to have a good conversation with God.

When you hear someone say, "The Lord told me...", do you think they are being super spiritual and trying to impress you? Who can pray in such an intimate way with God Himself? Surely you have to be extremely spiritual and righteous before you could think of getting close enough to God to hold a conversation?

A New Era

In the Old Testament where God seemed a million miles away, you needed a prophet to tell you what God said. But in the New Testament that has all changed. And your prayers now can become more intimate and personal.

Of course the subject of prayer is still a huge one, and there are many things that you need to take into account if you really want to pray correctly. But Les D. Crause has shared some principles that are so simple even a new believer can use them. Yet they are also so awesome, that even someone who has known the Lord for years can benefit from them.
