I love my crockpot. There are quite a few days when I couldn't put a home-cooked meal together without it. It's so easy and convenient to dump everything in the pot in the morning, turn it on and then go about my day. When dinner time rolls around, the food is ready to eat and after dinner there's only one pot to clean up.

Ground beef is wonderful in slow cooker dishes. It's still fairly affordable and a little ground beef goes a long way to give body and flavor to your dishes.
