The Complete Idiot's Guide to Anatomy and Physiology

Michael J. Vieira Lazaroff

The Complete Idiot's Guide to Anatomy and Physiology Michael J. Vieira Lazaroff

The essential handbook for healthcare workers.

Anatomy and physiology students require more than a passing grade, and have to retain what they learn as they pursue a career in the healthcare industry. With that in mind, this guide takes a fresh approach to the study of the human body and its functions, placing its emphasis on the connections between the body's systems as opposed to covering them each in isolation. With this book, students will actually learn anatomy and physiology rather than just memorize the facts.
