The Pride of the Cat Men: A Shifter Romance Collection Amie Heights

This is the three part Pride trilogy complete in one bundle.

Part One - Revenge of the Cat Men

In the dark corners of the city a pack of shifter men have lived by one rule: stay hidden. When one of the pride is captured and experimented on they can only think of one punishment for the outsiders. Alison Biggs finds herself caught up in a battle for dominance as the entire pack pick her for their gang revenge. Her work as a receptionist for the shadowy complex had always been innocent until the alpha leader of the pride stages a daring rescue of the kit Samuel. Taken to their den and held responsible for the injustice, Alison immediately finds herself at the mercy of the powerful beasts and their inhuman passion for revenge.

Part Two - Lust of the Cat Men

Alison is still at the mercy of the Pride, a group of shifter men who took her as retribution for the injustice caused by the company she worked for. She quickly finds herself torn between the Alpha male and his second whose fight for dominance has her as the prize. Driven out of their protected den the Pride is now being hunted by the powerful Sebastian Gold, a man determined to discover their secrets at any cost. Alison is brought along as they flee to find a new home, and perhaps find out that what they really want is with them already.

Part Three - Vengeance of the Cat Men

In the thrilling conclusion to The Pride trilogy, Alison volunteers to take part in a daring plan to free her new shifter brothers from the pursuit of the obsessed man hunting them. With the Alpha and his second of the Pride both desperate for her affection, Alison must make a choice now or tear the family apart. Mixing her blood with theirs she infiltrates the office of Sebastian Gold, her former employer and the man responsible for the devastation of their hidden den. She soon finds that she may not be able to control the primal urges that now runs hot through her veins.

EXCERPT

"Help me!" she screamed. She ran towards the man, crossing the alley and sprinting towards him. He turned to face her, his mouth open as he tried to understand why he was being yelled at.

A dark shape dropped down over the man and Alison skidded to a stop. As he let out a yell the man was thrown to the ground and the bags of garbage spilled into the alley. The creature leaped on him and the back of his head was slammed into the cement with the weight. Alison saw the creature rise up to its haunches, sitting over the cook who was now knocked senseless.

The creature was vaguely human, a muscular male who's features blended from feline to man. Lean and naked except for a short layer of fur he looked at Alison, his pointed ears turning to take in every sound around him. Alison saw that a thick tail sliding from side to side behind him.

He leaped from the cook and bounded directly to Alison, the moonlight flashing on its extended claws, reaching for her. Shrieking she turned to flee and immediately tumbled to the hard ground. She tried to regain her feet when a second creature dropped down directly in front of her. She tried to regain her feet when a second creature dropped down directly in front of her. He was similar to the first but even larger, a lion-like mane of hair framing his face. His eyes focused on hers and she was shocked to see the slit pupils of a cat that seemed so out of place on the lean, half man body. His paw like hands gripped her shoulders and he slowly pulled her closer to him until she was face to face with it. She could hear him letting out a low growl and saw the lips pull back to reveal a row of pointed, sharp teeth.

It was too much for Alison, she fainted in his arms like a rag doll, held up only by the monster's grip on her.
