The peak years of the Great Migration lasted just over ten years - from 1629 to 1640, years when the Puritan crisis in England reached its height. In 1629, King Charles I dissolved Parliament, thus preventing Puritan leaders from working within the system to effect change and leaving them vulnerable to persecution. The Massachusetts Bay Colony, chartered in the same year by a group of moderate Puritans, represented both a refuge and an opportunity for Puritans to establish a "Zion in the wilderness." During the ten years that followed, over twenty thousand men, women, and children left England to settle permanently in the Massachusetts Bay Colony. In 1640, when Parliament was reconvened, attention was redirected from the New World back to the old and migration to New England dropped sharply.
