Creating Babylon 5 David Bassom

The year is 2258, ten years after the Earth-Minbari War. In an effort to prevent further bloodshed the Earth Alliance created the Babylon project. Positioned in a key sector of the galaxy, the Babylon 5 space station serves as a space-born port-of-call for diplomats, traders, hustlers, and travelers. Its aim: to exist as a natural place where humans and aliens can work out their differences peacefully. Yet in reality the station is a focus of tension, malice, and intrigue--with all the wondrous excesses of a galactic cultural melting-pot.

In *Creating BABYLON 5* author David Bassom takes an in-depth behind-the-scenes look at the creation of the seminal series. From plot development to the show's ground-breaking special effects methods, Bassom covers all aspects of Babylon 5's production. Interviews with all the main cast and key production crew combine with page after page of stunning photography and essential details about the Babylon 5 universe. *Creating BABYLON 5* is the only book to chart the birth and creation of the science fiction phenomenon of the decade.
