**How To Survive Peer Review** Elizabeth Wager, Fiona Godlee, Tom Jefferson

*How to Survive Peer Review* is a practical handbook designed to help anybody who wants to get their work published in a scientific journal, wants to apply for research funds or who has to undergo formal appraisals at work. It will also help people who have been asked to review articles, abstracts or grant applications. These activities are an essential part of scientific life, yet they virtually never get covered in professional training. It is often difficult even to get any helpful information about the processes from journals, meetings or funders. For the first time, this book brings together all you need to know, with authoritative advice from three authors who have researched peer review extensively and have considerable practical experience as researchers, editors and reviewers.
