Where did your heart go? (The Heart Trilogy Book 1) Audrina Lane

Stephanie never truly let go of her first love James in 1988. When the relationship ended she kept her diaries, letters and memories safe in the attic and her heart locked away from any future heartbreak. Now her daughter Charlotte is experiencing the same relationship break up that she did. Handing her daughter the diaries she hopes to save her from the bleakness she felt at the loss of first love. The diaries inspire Charlotte to strive for true love as she realises that finding the right man is worth the wait.

Can Charlotte heal two broken hearts at the same time through a strange twist of fate, destiny, music and dance?

Linking the lives of a mother and daughter together you can join them on their journey of discovery through the highs and lows of first love. Will Stephanie finally face the future after the scars from the past, and find out why James left her? Charlotte starts to discover that dancing with Mitchell will be the time of her life. Does anyone ever forget their first love and can you go back?
