U.S. Army Counterintelligence Handbook

Department of the Army

U.S. Army Counterintelligence Handbook Department of the Army

The CIA is at the top of a cosmology of government and private concerns known collectively as the intelligence community. One of the most important components of this community is the U.S. Army Intelligence Center. Its mission is to provide information to commanders at all levels in the U.S. Army so that they are able to determine the capabilities of a foreign foe or act quickly on accurate, up-to-date intelligence. Now for the first time ever, the recently declassified U.S. Army Counterintelligence Handbook provides a rare look into the specialized and secretive world of military intelligence and counterintelligence procedure.

Counterintelligence comprises efforts to determine what the enemy knows, efforts to keep friendly intelligence secret, and efforts to hamper the enemy's ability to collect and use intelligence. In this manual, the first four chapters provide counterintelligence information to the commander and his staff, while the remaining chapters cover the nuts-and-bolts of counterintelligence operations.

The book covers everything from conducting background investigations to using field artillery to destroy stations. There is general information, for instance, on evaluating assassination threats, contacting members of friendly resistance organizations, and how best to handle moles. There is advice on checking and keeping files, conducting searches, and the administration of lie detector tests. Also covered are the ethics, legalities, and practical concerns of placing bugs, tapping telephones, and setting up listening posts for wireless intercepts, as well as the use of cameras and recorders. There is also information on tracking and connecting members of groups or cells, with advice on creating diagrams to illustrate the relationship among targets.

The U.S. Army Counterintelligence Handbook is a must-read for anyone with an interest in today's difficult military intelligence questions, and provides answers right from the source.

From reader reviews:

Heather Roberts:

Do you have favorite book? When you have, what is your favorite's book? Publication is very important thing for us to be aware of everything in the world. Each e-book has different aim or goal; it means that guide has different type. Some people really feel enjoy to spend their time to read a book. They are really reading whatever they get because their hobby is actually reading a book. Think about the person who don't like looking at a book? Sometime, person feel need book once they found difficult problem or exercise. Well, probably you'll have this U.S. Army Counterintelligence Handbook.

John Jonas:

Book is usually written, printed, or illustrated for everything. You can learn everything you want by a publication. Book has a different type. To be sure that book is important point to bring us around the world. Next to that you can your reading skill was fluently. A e-book U.S. Army Counterintelligence Handbook will make you to always be smarter. You can feel much more confidence if you can know about every little thing. But some of you think which open or reading the book make you bored. It's not make you fun. Why they might be thought like that? Have you searching for best book or suitable book with you?

Kathryn Patterson:

Information is provisions for those to get better life, information these days can get by anyone at everywhere. The information can be a know-how or any news even restricted. What people must be consider if those information which is within the former life are difficult to be find than now could be taking seriously which one is suitable to believe or which one the particular resource are convinced. If you have the unstable resource then you get it as your main information there will be huge disadvantage for you. All of those possibilities will not happen throughout you if you take U.S. Army Counterintelligence Handbook as the daily resource information.

Michael Mitchell:

What is your hobby? Have you heard that question when you got pupils? We believe that that issue was given by teacher to their students. Many kinds of hobby, All people has different hobby. And you know that little person such as reading or as studying become their hobby. You should know that reading is very important along with book as to be the issue. Book is important thing to include you knowledge, except your teacher or lecturer. You discover good news or update in relation to something by book. A substantial number of sorts of books that can you choose to use be your object. One of them is niagra U.S. Army Counterintelligence Handbook.
