## World Forests, Markets and Policies

In the 1990s the world community has arrived at a particularly in developing countries and in economic historical turning point. Global issues- the decline in biodiversity, climate change, the fate of different backgrounds and focuses, but have found forest peoples, fresh water scarcity, desertification, it relevant and rewarding to their core operations to deforestation and forest degradation - have come collaborate in WFSE activities. The intention of to dominate the public and political debate about these organizations is to continue supporting the forestry. In the economic sphere, forest industries WFSE research and developing the mutual collaboration have assumed global dimensions. The World Forests, Society and Environment In the year 2000, WFSE took on a new challenge, Research Program (WFSE) is a response by the re extending its research network to involve five new search community to this globalization. The WFSE Associate Partners: the Center for International Forestry Research (CIFOR) in Indonesia; the Center for Research and Higher Education on Natural Resources of Tropical America (CATIE) in Costa Rica; the International Center for Research in Agroforestry (ICRAF) in Kenya; the World Forestry work, linking researchers worldwide.
