## Ethnography Unbound: From Theory Shock to Critical Praxis

These provocative new essays redefine the goals, methods, and assumptions of qualitative and ethnographic research in composition studies, making evident not only the crucial importance of ethnographic research, but also its resilience. As *Ethnography Unbound* makes evident, critical ethnographers are retheorizing their methodologies in ways that both redefine ethnographic practices and values and, at the same time, have begun to liberate ethnographic practices from the often-disabling stronghold of postmodern critique. Showing how ethnography works through dialogic processes and moves toward political ends, this collection opens the doors to rethinking ethnographic research in composition studies.
