The book is written in an easy to read and understandable style. In a straight forward, no nonsense fashion, Elliott Lang covers all aspects of keeping Maine Coon cats as pets.

Elliott Lang says: I have always been in the company of animals. My family has always been hands on with the pets in our household. Whether it was bathing, feeding or taking care of our animals, my family ensured that the animals got the best of everything. These animals were the centre of all our activities. There was not a single day that did not begin with a discussion about our pets. What to feed them? How to take care of a cat or dog that is ailing? What is the most nutritious thing to feed them? These were common dinner table conversations while I was growing up. So, needless to say, I have had a lot of practical training with respect to taking care of different breeds of animals. Today, I am in a very privileged place where I can share this information with pet lovers across the globe.

I would never have been able to provide you with so much comprehensive information without the knowledge that I gained from my father, my family and of course my beloved cats.
